

2012 AND THE GALACTIC CENTRE: FULFILLING OUR SOUL'S DESTINY

We are living in extraordinary times as the sun most closely aligns to the Galactic Centre for the first time in 26,000 years, giving birth to a whole new world on 21st December 2012. With this alignment, humanity is facing opportunities to expand consciousness far beyond what is known today.

To fulfill our destiny, our ancestors left behind maps carefully encrypted within the stories of mythology, the metaphors of astrology and the mysticism of alchemy.

Ultimately we are here to remember that:

- We are here to manifest our soul's unique blueprint here on Earth
- The new world will be birthed through the embodiment of the Divine Feminine
- We are powerful immortal beings
- It is through the heart that we'll surf the waves of change
- Self-reflection and compassion strengthen our wand of transformation
